Introduction

The University of Potsdam offers an ever increasing number of courses taught in English at both undergraduate (Bachelor) and postgraduate (Master) level. This catalog of courses taught in English has been compiled for international program and exchange students (primarily for ERASMUS students). If you are interested in or already studying at the University of Potsdam as a degree-seeking student, please refer to the study guide (Studienangebot) or the relevant study program on the university’s website. Along with the university calendar (Vorlesungsverzeichnis), the international course catalog is published ahead of the respective semester (winter semester: mid of September / summer semester: mid of March).

The course catalog is structured according to the five faculties of the University of Potsdam: the Law Faculty, the Faculty of Arts, the Faculty of Human Sciences, the Faculty of Economics and Social Sciences, and the Faculty of Science.

Please note that the terms used for the structural subdivisions differ from faculty to faculty. Hence, with regard to the individual faculty, the courses are listed under the faculty’s subdivisions called “departments”, “institutes”, or “academic fields”, respectively.

Students who study English and American Studies also have the opportunity to attend courses offered by the Department of English and American Studies. Admission to the department’s English language courses may be considered on an individual basis.

Please note that only those faculties and subdivisions are listed in the international course catalog which actually offer courses taught in English. As the number of ECTS-credits (LP) granted in a particular course can vary depending on the quantity of work invested and on the student’s status (undergraduate / postgraduate, degree-seeking / non-degree-seeking), this course catalog does not contain any indications of ECTS-credits. Please contact your ERASMUS coordinator when you have questions about:

- ECTS-credits
- course content
- signing your Learning Agreements
- compiling your course schedule

If you have not already received information of your contact person, you find your ERASMUS coordinator via the following website by choosing the faculty you are going to study at
